WHO WE ARE

Founded in 2012, YBA is an established nonprofit dedicated to supporting students in discovering their dreams and embracing their brilliance through real-world business experiences that build confidence, career opportunities, and life-changing skills.

WHAT WE DO

We have a proven track record in increasing students confidence levels in their plans after high school, handling their personal finance, speaking up in class, and securing a job or internship.

Our curriculum modules cover soft skills, career readiness, financial literacy, and business 101, supplemented by field trips to local businesses for behind-the-scenes experiences and guest speakers who are leaders in their fields.
