

Youth Business Alliance

WHO WE ARE

Founded in 2012, YBA is an established nonprofit dedicated to supporting students in discovering their dreams and embracing their brilliance through real-world business experiences that build confidence, career opportunities, and life-changing skills.

WHAT WE DO

We have a proven track record of increasing students' confidence levels in their post-high school plans, managing their personal finances, improving their communication skills, and securing a job or internship.

Our curriculum modules cover soft skills, career readiness, financial literacy, business 101, and inclusive & accessible practices that create equitable opportunities for all to succeed professionally. In addition, we offer field trips to local businesses for behind-the-scenes experiences and guest speakers who are leaders in their fields.
